**RE: LETTER OF INTENT: SEEKING NOMINATION TO THE POSITION OF  
PRESIDENT OF THE INTERNATIONAL CODE COUNCIL (ICC).**

Dear Chairman:

I am seeking the Nomination Committee's recommendation as President of the International Code Council (ICC). I am currently serving on the Board of Director (BOD); specifically, as Vice-President for ICC, after being elected to that position by the general membership in 2007.

My participation as a current Executive Committee member of the BOD has provided me with the insight, knowledge and experience to serve as an effective President. Please review the enclosed resume which will illustrate my management experience and dedication to public service, demonstrating that I possess the type of leadership qualities necessary in promoting ICC and its vision. With my diverse administrative and fiscal background, I will be able to perform the duties as President of ICC in efficient and effective manner.

I am passionate about ICC's future success. That success will take leadership and teamwork, which I am committed to provide. I will continue to remain committed in my efforts to ensure we maintain our focus on our members. I will remain cognizant of our membership perspectives by maintaining an open line of communication. Finally, it is important that ICC continue its strong relationships with our strategic partners and continue to explore and build other opportunities.

Thanks for your time and consideration. Should you have any questions, please don't hesitate to contact me.

Sincerely,

Adolf Zubia  
Vice-President, ICC BOD  
Fire Chief, Las Cruces, NM
